

Cherry Charm Granular Odor Eliminator with Citronella for dumpsters, compactors, trash cans and dumpsites.

4.5 lb pails - 4 per case with one scoop. #104590
16oz shaker bottles - 12 per case. #104588

- High-intensity granules are long-lasting and work continuously to eliminate undesirable odors.
- Effectively eliminates gaseous airborne odors in dumpsters, trash compactors, cigarette urns, sewage treatment plants, landfill sites, garbage trucks, municipal dumps, hospital waste, manure piles, loading docks, and all types of food waste, including meat, fish and poultry.
- Also use to stop the stench and smell associated with vomit, smoke, decomposition and decay by sprinkling directly over problem.
- Easy to use. Just sprinkle the granules into any dumpster or waste container after each service and watch airborne odors disappear!
- Biodegradable, non-corrosive and acid-free.
- Contains natural Citronella oil to repel annoying pests including mosquitoes, black flies (biting flies) fleas and ticks.
- Pleasant cherry scent.

From waste basket to dumpster to landfill, Cherry Charm controls trash odors.

We've used Cherry Charm for a long time. I did not realize how good it was until we had a dead skunk in a trash bin. Cherry Charm took care of the smell.
