

Coil Doctor for A/C Units Delivers one-step cleaning, disinfecting and deodorizing.

- Use on evaporator coils in small air conditioners, commercial air handling equipment, HVAC cooling coils and refrigeration equipment, evaporation coils and condensation pans.
- EPA registered as a Virucidal, Tuberculocidal, Mildewstat (on hard inanimate surfaces), and Fungicide (against pathogenic fungi) for HVAC applications. Disinfects against Legionnaires Disease.
- Kills 99.9% of bacteria. Effective against a wide variety of organisms.
- Cuts grease and grime without scrubbing.
- No rinsing needed! Coil Doctor is specifically formulated for applications where rinsing is impossible. Just turn the unit off, expose the coils and spray until coils are covered with the white foam. Wait 10 minutes and wipe with a clean cloth or sponge.
- Minimal down time! Takes just minutes compared to the time and labor required to dismantle units, power wash, put back together and re-install.
- Use to clean the coils in all types of air conditioners, central cooling systems, ice machines, refrigerators and freezers.

Case of 12 aerosol cans (18 oz) #121640
