

SE-500™

Industrial strength odor eliminator for industrial strength odors!

- Water-based odor eliminator neutralizes odor-causing molecules and delivers a fresh, long-lasting fragrance.
- Obliterates bathroom, food, animal, urine, vomit, medical, smoke and many other odors.
- Can be sprayed directly on surfaces like carpet, linens, upholstery, draperies, other fabrics and porous materials. Won't stain most fabrics - test silks and other delicate fabrics in an inconspicuous area.
- Perfect to use in utility foggers like the Fogmaster Jr!
- Available in two scents!

Botanical Bliss - touches of citrus combined with green tea and jasmine plus deep woody undertones. The fragrance contains no known allergens.

Original Clean Fresh - so fresh and pleasant, you'll want to use it everywhere.

Customer Testimonial:

SE-500 is nothing short of amazing! We had a guest residing in one of our rooms for quite some time, and he had two pets expire in the room! The smell was one of the worst things you can imagine. I am a 20-year veteran in the hotel business and I have smelled some horrible odors, but this was the worst! It was a very challenging problem. We replaced the carpet padding, cleaned the carpet, replaced the mattress, used an ozone machine – and the smell was still really bad. We tried everything and just did not know what to do next. Your sales rep stold me about SE-500 and sent me four quarts. She said it would definitely remove the odors. I was skeptical, but I was willing to try anything at that point. I saturated the carpet with the SE-500 and left it for two days. Much to my amazement the odor was gone and the room actually smelled wonderful! The maintenace man and the maids, who wouldn't go near that room, are amazed at the results too. It is actually the best smelling room in the hotel now! I will be a life long user of SE-500 from now on! My boss is coming to inspect the hotel on Thursday and I can't wait for her to walk into that room!
