## Ecolution Car & Truck Wash

### Specially formulated to eliminate water spots.

**Tough Cleaner:** Ecolution® Car & Truck Wash contains special cleaning agents to hold dirt in suspension until rinsed away. Removes soil, grease, gas, stains, oil, bugs, and other deposits from car and truck surfaces. Safe on plastic and all automotive finishes.

**Specially Formulated:** Ecolution® Car & Truck Wash is specially formulated to eliminate water spots and produce high level suds to last throughout the job, all while remaining safe on automotive surfaces. It also provides a "Show Room" finish to keep vehicles and fleets looking good. It does this with biodegradable surfactants that are more environmentally preferred compared to conventional washes. It also contains a polymer which extends gloss.

**Economical:** Concentrated Ecolution® Car & Truck Wash can be diluted to meet your specific needs. Ecolution® Car & Truck Wash can be used with the One Solution™ Smart Foamer or in a high pressure unit for most effective cleaning. For best results use 120°F water. Dilution for use: Heavy 6 OZ 1 GL - Medium 1.25 OZ 1 GL - Light 1 OZ 1 GL

**Uses:** Use Ecolution® Car & Truck Wash to clean cars, trucks, school buses and all other vehicles. It can be sprayed, sponged or brushed on soiled surfaces. Hose vehicle first with plain water. Apply cleaning solution with sponge, brush, foamer or pressure sprayer and agitate. Rinse and wipe dry

**Certification:** This product meets Green Seal's environmental standards for industrial and institutional cleaners based on its reduced human and aquatic toxicity and reduced smog production potential. Meets the stringent GS-37 standards required for Green Seal certification.
