

Surface Defense Wipes One Step - Clean & Disinfect

- Kills a broad range of disease causing organisms.
- Short 2 minute contact time required for full disinfection.
- No rinsing required. Perfect for toys, changing stations, bed frames, wheel chairs and other hard surfaces that are touched often.
- Pleasant linen-fresh scent.

130 wipes per canister.
Case of 6 canisters - Item #127745 \$186.50

Surface Defense wipes are ready to use. Pull wipe through opening in lid.

Wipe surfaces until visibly wet. If surface is extremely dirty, clean first with one wipe, then disinfect with a second wipe.

For complete disinfection, leave surface wet for 2 minutes. Let surface air dry.

Dispose of used wipe in trash.

Effectively kills these common pathogens. See product label for complete list.:

Pseudomonas aeruginosa, Herpes Simplex Virus Type 1, Acinetobacter baumannii, SARS Associated Coronavirus (SARS) Staphylococcus aureus (MRSA), Klebsiella Pneumoniae, Hepatitis B Virus (HBV), E-coli, Rotavirus, HIV-1 (AIDS Virus), Salmonella enterica, Human Coronavirus, Enterococcus faecalis - Vancomycin Resistant (VRE), and Listeria monocytogenes.
