

## Hari Kari Cherry - Killa Vanilla Roach & Ant Sprays

### Kill the pests that bug you and leave a pleasant scent behind!

- Superior contact kill plus incredible 7 week residual kill against ants, roaches, scorpions, silverfish, wasps, waterbugs, fleas, ticks and much more.
- Pleasant fragrance means customers or guests won't know if you just sprayed and people can continue to work and do business in recently treated areas.
- Use as a spot or crack and crevice treatment to kill cockroaches.
- For ants, spray ant trails and around doors and windows plus any other areas where ants may find entrance.
- Non-conductive - 18,000 volt dielectric strength - no need to worry about spraying near power poles or into electrical boxes.
- EPA registered ready-to-use product.
- For use in non-food areas of kennels; commercial buildings, warehouses, schools, office buildings, industrial and institutional facilities, theatres, restaurants, hotels, motels, food processing facilities, garbage cans and dumpsters.

12 cans (15oz) per case.
