

## Ecolution Pro Bath & Bowl Cleaner Cleans and removes soap scum in one step.

**Cleans the easy way:** Ecolution Pro Bathroom & Bowl Cleaner puts an end to tiresome, hard scrubbing of large, tiled surfaces. Apply it with a foam trigger sprayer. It's an unbeatable combination—power plus economy. It's non-scrub action actually foams away even the most stubborn soap scum, hard water deposits, dirt, film and residue. It eliminates time-consuming hand scrubbing, saving labor costs. Bubbling foam penetrates into surface pores to lift out embedded soil. Then, it holds soil in suspension for easy removal. Just rinse it off. The secret is its effective cleaning action is a thick, supercharged foam that clings wherever its sprayed. Other cleaners can thin out and run away, requiring repeated, money-wasting applications. Its dense foam provides full-strength cleaning power from start to finish.

#115909 Case 4gls

**No Scratching Abrasives:** Non-abrasive formula will not damage surfaces, unlike toilet bowl cleaners which can make grouting turn porous, and can strip away chrome. It's even safe on plastic, fiberglass, chrome and normal grouting. (Ecolution Pro Bathroom & Bowl Cleaner is a heavy-duty product and is not recommended for polished aluminum, colored grouting or marble.)

**Two Way Economy:** First, Ecolution Pro Bathroom & Bowl Cleaner comes in concentrated strength. It's as strong as you want it to be, depending on the dilution ratio used. Second, its foam is actually 90% air. Even a small volume of liquid creates a rich wave of foam that sweeps away soil.

**CERTIFICATION:** This product meets Green Seal's environmental standards for industrial and institutional cleaners based on its reduced human and aquatic toxicity and reduced smog production potential. Meets the stringent GS-37 standards required for Green Seal certification.
