- Eliminates offensive garbage odors with grease loving bacteria and enzymes.
- Accelerates the breakdown of fats, oils and greases.
- VOC compliant and is non-flammable.
- Concentrated for strength and versatility.

Net Contents: 1 US Gallon (3.78L)

RECOMMENDED USES AND DILUTION RATIOS

Neutron's Probiotic Chute and Dumpster Cleaner is formulated as a stabilized enzyme concentrate for the purpose of quickly and efficiently breaking down a variety of organic materials. The enzymes specifically target and accelerate the breakdown of fats, oils, greases, starches and proteins which helps to move solids out faster which in turn eliminates the odors.

Dumpsters/Compactors: For heavy odors, use 1 part Probiotic Chute and Dumpster Cleaner to 5 parts water. For regular odors, use 1 part to 10 parts water. Add diluted mixture to a pump sprayer, wet down inside and under dumpster periodically during the day as new trash is added and odors appear. Make a new mixture each day.

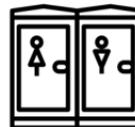

Loading Dock Floors: For wet mopping: add 2 - 4 oz Probiotic Chute and Dumpster Cleaner per gallon of water in mop bucket, wet mop the floor and let dry. For pump sprayers: add 1 part Probiotic Chute and Dumpster Cleaner to 5 parts water for heavy odors. For regular odors, use 1 part to 10 parts water. Fill pump sprayer with diluted mixture, wet down floor and let air dry. Make a new mixture each day.

Trash Chutes: For heavy odors, use 1 part Probiotic Chute and Dumpster Cleaner to 5 parts water. For regular odors, use 1 part to 10 parts water. Add diluted mixture to a pump sprayer, wet down inside of trash chute. Repeat as new odors emit from trash. Make a new mixture each day.

Compost Piles: For heavy odors, use 1 part Probiotic Chute and Dumpster Cleaner to 5 parts water. For regular odors, use 1 part to 10 parts water. Spray compost piles. Make a new mixture each day.

Portable and Chemical Toilets: To re-charge toilet and hold tanks, add 8 oz of Probiotic Chute and Dumpster Cleaner per 5 gallon of recharge water. Add 2 oz as needed to control odor between pumping.

Septic Systems & Commercial Septic Tanks: Add 8 oz of Probiotic Chute and Dumpster Cleaner weekly by flushing down toilet. For problem systems add 16 oz weekly until problem is resolved and then add 8 oz weekly to maintain the system.

FOR INDUSTRIAL AND INSTITUTIONAL USE

WARNING: Causes eye irritation. Causes mild skin irritation. Harmful if swallowed. 

PREVENTION: Do not eat, drink or smoke when using this product. Wash hands thoroughly after handling.

RESPONSE: If eye irritation persists: Get medical advice. If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If skin irritation occurs: Get medical attention. If swallowed: Rinse mouth. Do not induce vomiting. Call a poison center or physician if you feel unwell.
